## My view

- One day, life will change is a sweet and inspiring story about two characters that are complete opposite and very unique in their own way.
- Samaira was a quickly and light hearted and I really liked reading about her and getting a glimpse at how her mind worked.
- Sometimes we don't get a second changes at living so we should live life at its fullest and if for whatever reason we make a mistake or have regrets for choices we made and we do get a second changes and change at better righter then just grasp the change and change given to You by the hair and never let go until You're one hundred percent certain that what You're doing is Right,that is indeed what You want and need and most Importantly, Love.....
- This Book is taught us " If Life is harsh , Remember that everything in the Universe happen For a reason. So don't give up, ever ".

- This Book teaches us that no matter how bad the situations comes in Your life, we should face it Firmly. Always ready to Face any situations very Calmly. Main theme of this Book is true love always win.
